## SUGGESTED ACTIVITIES:

**GENRE SCENES**—Add a genre to any scene or improvisation to enhance the scene. Perform a scene multiple times in different genres to discover new things about characters and gain new scene perspective.

**GENRE SHIFT**—In pairs or small groups, students devise and perform a scene that begins in one genre and develops into a second genre.

**MUSIC VIDEOS**—In small groups, students devise and perform a music video in their allocated music genre. Give students a title or "song name".

**GENRE QUICK SWITCH**—Individually; in pairs or small groups, students play out a monologue or scene and switch genre quickly on cue. A fun and challenging activity and a great rehearsal boost to lift energy when going over lines or the same scenes. Involve audience members by having them pick cards and call out the new genre.

**FAIRYTALE SHAKE-UP**—In small groups, re-tell and perform a well known fairytale in an allocated genre.
